Be it therefore enacted by the Council of the Corporation of the City of Vancouver as follows:—

SURREY BY-LAW.

A BY-LAW

Respecting the Surrey Dyking and Drainage By-Law, 1889.

WHEREAS the Council of the Corporation of the District of Surrey deems it expedient to raise the moneys provided for by the above-mentioned by-law in the manner hereinafter set forth as the said Council is empowered to do;

And whereas the moneys mentioned in the said by-law amount to the sum of $12,000;

And whereas it is necessary to raise the further sum of $13,000 to provide for the completion of the said works;

And whereas the said several sums amount together to the sum of $25,000, which it is intended to raise by way of loan upon the credit of the said Corporation;

And whereas it will require the sum of $2793.97 to be raised annually by special rate for the payment of the said debt and interest as hereinafter mentioned;

And whereas the amount of the whole rateable property of the Municipality, according to the last revised assessment roll, is $679,507.00;

Now therefore the Council enacts as follows:—

1. The moneys provided for by the "Dyking and Drainage By-Law, 1889," shall not be assessed and levied in the manner set forth in the said by-law, but in accordance with the provisions contained in this by-law, which the said Council deems expedient and so hereby determines.

2. It shall be lawful for the Reeve of the said Corporation for the purposes aforesaid to borrow on the security of the special rate hereinafter mentioned the said sum of $25,000, and to issue debentures of the said Corporation to the said amount in sums of not less than one hundred dollars each, payable at the end of 20 years from the date on which this by-law takes effect, and to bear interest at a rate not exceeding six per cent. per annum, payable half-yearly on the first days of January and July in each and every year during the currency of the said debentures.

3. The said debentures as to principal and interest shall be payable at such bank in the City of New Westminster or elsewhere, as the Council of the said Corporation may by resolution direct.

4. It shall be lawful for the Reeve of the said Corporation, and he is hereby authorized and instructed, to sign and issue the said debentures hereby authorized to be issued, and to cause the same and the interest coupons attached thereto to be signed by the Clerk of the said Corporation, and the Clerk of the said Corporation is hereby authorized and instructed to attach the seal of the said Corporation to the said debentures.

5. There shall be raised and levied in each year, by a special rate on all the property rateable under the said by-law, a sum equal to the amount by this by-law required to be raised for the sinking fund herein mentioned, according to the schedule to this by-law.

6. For the purposes of forming a sinking fund for the payment of the said debentures and interest an equal special rate of 40 10/21 mills on the dollar shall, in addition to all other rates, be raised, levied and collected in each year upon all rateable property in the Municipality of the said Corporation during the continuance of the said debentures, or any of them, except as hereinafter provided.

7. In case in any particular year there shall have been realized by the said special rate on the property rateable under the said by-law an amount equal to the annual sum required to be raised for the said sinking fund, then it shall be lawful for the said Corporation not to raise such rate in such year, and in case in any year there shall be a surplus arising in like manner,

The British Columbia Gazette Nov 20 1890 No 47

UVic The British Columbia Gazette November 20, 2890 pages 946-961

but not sufficient to satisfy the sum so required for the said sinking fund, it shall be lawful for the Council, by reslution, to reduce the amount hereby directed to be levied for the said sinking fund for such year by the amount of such surplus.

8. Any surplus howsoever arising remaining after payment of the said debentures and interest, and any other expenses incurred in and about such loan, shall be applied to such purposes of the said Corporation as the Council may by resolution determine.

9. The owner of any such real property may during the currency of the said debentures commute for the payment of his proportionate share of the said work by paying such sum as may be necessary to realize at the end of the currency of the said debentures a sum equivalent to the annual special rate then uncollected.
