TUNING and REPAIRING.

Cumberland representative Rev. Wm. Hicks.

Concert at the Methodist Church.

There was a most excellent program presented at the Methodist Church on the 28th.

Mr Gideon Hicks sang with his usual good effect, adding new laurels to his account.

Rev. Mr. Hicks sang the "Battle Hymn of the Republic" and "Men of the North," two patriotic hymns, with much feeling and was loudly applauded.

Miss Armes was particularly pleasing in her readings and was greeted with a warm welcome when she appeared. In a duet with Mr. G. Hicks they were recalled and sang again delightfully.

The cream and strawberries were plentiful and very good, and the attendance was fair.

The decorations of flowers and ferns about the chancel, with the Union Jack and the Stars and Stripes hung side by side against the wall behind the choir.

Camara's Fleet

A dispatch from New York, July 4th says that a cable from Madrid reports Admiral Camara's fleet is delayed in Egypt at the entrance of the Suez because the Spanish government believe it might now be useful at home repelling the enemy's descent.

DESTRUCTION OF THE FLEET.

Washington, July 4th.—The following received: "Sibney, July 3d: The fleet under my command offers the nation as a Fourth of July present the destruction of the whole of Cervera's fleet. Not one escaped. It attempted to escape at 8:30 p.m. and at 2 a.m. the Cristobal Colon had run ashore sixty miles west of Santiago, and let down her colors. The Infanta Maria Teresa, Oquendo, and Vizcaya, were forced ashore; buried and blown to atoms, within 20 miles of Santiago. The Furor and Pluton were destroyed within four miles of port. Our loss was one killed, and two wounded. The enemy lost several hundred from gun fire, explosions, and drowning. About 1800 prisoners were taken; including Admiral Cervera." signed, Sampson.

How the News was Received.

Washington, July 4th.—Shafter, Commander of the U.S. land forces, wired: "When the news of the disaster of the Spanish fleet reached the front, it was during a truce. The band managed to get its instruments in line and played 'The Star Spangled Banner,' and 'There will be a hot time in the old town to-night.' The officers and men without even the shield of tents, have been soaking wet for five days.

BATTLE OF SANTIAGO

The despatch, boat off Juague, July 2.—The battle of Santiago has raged all day and at 4 o'clock this afternoon the American troops are thundering at the fortifications of doomed city. Since day-break Gen. Shafter's army has fought its way across two and a half miles of bitterly contested and strongly fortified country; and the entire line from left to right is within gun shot of Santiago. The American losses are over 1,500 killed and wounded, and the Spanish loss ran up into the hundreds. The Spanish strongholds at Caney and El Paeza have been captured, and Fort Aguadoras, just off the coast, has been blown to ruins by the guns of the fleet. A division of 4000 Americans were engaged when the battle began at day-break. The news put the troops in a fever of excitement, and the night was spent in cheering and singing. The first shot was fired at 8:40. The guns of two batteries trained on Caney, made the place so hot that the enemy finally retreated. At 11 o'clock the American fire broke the Spanish line and they retreated towards the fortifications. The hard fighting of the day has been on the right flank. Loss is reported heavy.

Santiago Surrendered.

Washington, July 4th.—The War Department has just given out the following: "Santiago July 3d—To-night my lines completely sur-

To the Electors of Comox District

GENTLEMEN:—

Finding it might be impossible to see all the voters of this District before Election day, I hereby ask you for your support on the following platform:

My Policy is a progressive Policy, and I shall support the present Government in all measures that I believe will be to the benefit of this Province, and especially Comox District. If the Government should bring in any measure into the House which I consider would not have the support of my constituents, I will notify them to send me their approval of any such legislation before casting my vote. I believe I am in a position to be of great service to you all; and if you honor me with your support by electing me as your representative in the Local Legislature, I can assure you that I will look after the interests of your District; and all communications addressed to me will be carefully attended to.

I shall endeavour to have established at Comox, a Creamery, and use every effort to make the same successful.

Creamery Hospital The Union Hospital should receive a grant from the Government of (\$3000) three thousand dollars annually, which I shall use every endeavour to get.

Smelter One industry I should like to see in Comox District, that is a Smelter. We have the coal, coke, and fire clay to make the bricks, and my company is now erecting Brick-works for manufacturing bricks and fire clay. We have all the fluxes required on Texada Island, and by all accounts abundance of ore at Shoal Bay and the northern part of your District. It is to my interest to see a smelter in your District, and what is to my interest, I think is to yours. By having a smelter means the employment of hundreds of men, which will give the farmers a market for their produce.

Daily Mails My company will soon have completed a transfer service between the City of Vancouver and Union Bay, which will carry the C. P. & Railway cars, with coal and coke, making a daily service between those two points and I shall use every means with your member for the Dominion to get for your District a Daily Mail Service; and it will not be the fault of your local member—if I have the honor to be so called—if this is not done.

Roads Since my visit in canvassing in your District, I have travelled over the most of your roads, and I find that some of them are in a very good condition, and others I must say are almost impassable. That is another thing which affects my interests, and yours also. The better condition the roads are in, you will be able to get your produce to market so much cheaper, and I will be able to sell much more land and get the country settled up, which will be a benefit to you, and me. So I will use every endeavor in my power to get good roads in your District.

I would recommend the District to be divided off into sections, and from each section, a road commissioner should be appointed by the settlers; and those commissioners to have the right to say, how the money should be expended on the roads, in the different sections. This, of course can all be arranged by having a public meeting of the farmers.

The Trunk road between Wellington and Comox, will be completed this fall, and the grant from the Government, which will be granted from year to year, will be expended on the extension of the Trunk road to Campbell River; and to the head of the Island. If I have the honor to be your representative I do not think that you will ever regret it. As I have said before, your interests are my interests, and we should work together for the interest of our District. It is for you, gentlemen, to choose the best man to represent your interest; so now I shall leave the matter in your hands.

YOURS TRULY,

JAMES DUNSMUIR.

COURTNEY MEETING

The Opposition meeting at Courtney Friday night was large notwithstanding that the News, deposited on Tuesday evening at the post office here failed to reach its destination at the usual time. There were the usual speeches with somewhat peppery variations. The most exciting episode was the charge made by Mr. McAllan that the Colliery Co had within two or three days discharged a miner for refusing to employ a Chinese helper. "Here is Mr. Russell," exclaimed Mr. Dunsmuir; "he will know; ask him." Mr. Russell, who was sitting in front here across and declared that while he was politically opposed to Mr. Dunsmuir he wanted every thing fair and honest. Nothing of the kind had ever occurred. Mr. McAllan had been misinformed.

CITY OF CUMBERLAND GENERAL MUNICIPAL RATE 1898

Whereas it is necessary that a by-law be passed for levying a rate on all the land, improvements and real property on the Assessment Roll of the corporation of the City of Cumberland, to provide for the general and ordinary expenses of the corporation during the current year:

Therefore the Mayor and Council of the corporation of the City of Cumberland do enact as follows:

1 There shall be raised and levied and collected upon all the land, improvements and real property mentioned and described in the Assessment Roll of the said city of Cumberland for the year 1898 an equal rate of four fifths of one per cent on the dollar on the assessed value thereof as appears on the said roll.

2 The aforesaid rates or taxes shall be due and payable by the person or persons liable to pay the same to the collector of the said City of Cumberland at his office on the first day of October 1898.

3 A rebate of one fifth of the amount thereof shall be allowed on all taxes levied and assessed under section 1 of this by-law in all cases where the same are paid on or before the first day of November 1898. All ratepayers failing to pay their taxes by the first of December will be disqualified from voting at the next Municipal Election.

4 If the rates or taxes, or any part thereof due to the corporation shall not be paid by the 31st day of December 1898 the same may be collected in the manner provided by the "Municipal Clauses Act 1896 and amendments thereof."

5 This by-law shall come into force and take effect on and after the first day of July 1898.

This by-law may be cited for all purposes as the "City of Cumberland General Municipal Rate By-Law 1898. Reconsidered and finally passed by the Municipal Council of the City of Cumberland the 24th day of June 1898.

Signed and sealed

Lewis A. Mounce, Mayor
Lawrence W. Nunn, City Clerk

CITY COUNCIL.

City Council met Friday. The Mayor and all members present. Minutes of last meeting read and adopted.

A letter was read from Mr. Eckstein accepting the offer of \$150.00 for his safe.

The school trustees attended and requested from the city 60 feet out of the park grounds for the benefit of the school building lot. The matter is to be considered at next meeting.

A letter from Ald. Westwood tendering his resignation. Accepted when the law is complied with.

ACCOUNTS PRESENTED.—Peacey & Co., for stationery, \$3.50; G. Murdock, for street work, \$25.25; Office account, \$1.87; City Clerk for six months, \$72.50. The accounts were referred to Finance Committee; if found correct to be paid.

Mr. Riley was employed to examine hose and put same in repair. It was decided to form a fire company and that application for volunteers be received by the city clerk.

The Mayor and Ald. Carthew were authorized to purchase 300 feet of hose and a nozzle.

Municipal Rate by-law was finally passed and ordered published.

A Road Tax by-law was introduced and passed, on plea of emergency, its third reading. Adjourned.
