OTTAWA, 5th December, 1903-

Sir-

I beg to acknowledge the receipt of your letter of the 3rd Ultimo, No 402 I 4, enclosing papers in regard to an application made by Mr. F.G. Richards, of Victoria, on behalf of Messrs Merrill Brothers, for the privilege of cutting timber on the Toquana Indian Reserve, No 4, of the Sliammon Indians, also for permission to secure possession of a right of way through the Reserve and to build a wharf on that portion thereof fronting on Theodosia Arm.

In reply I would say that as the Indians refuse to give their consent to the cutting of the timber, no disposition thereof can be made.

As to the right of way and wharf, I beg to say that in view of the consent of the Indians and of the report of the local Agent, that the construction of this road and wharf will be a benefit to the Indians permission may be given Messrs Merrill Brothers to use and occupy what land may be necessary for right of way and wharf on the Reserve for the period of twenty years upon payment of a yearly sum of $100.00 for the benefit of the Indians.

This permission is to be given on the distinct understanding that it may be terminated at any time
