J-1-50

22nd September, 1950.

L. B. Skinner, Esq.,
Secretary,
Canadian Board on Geographical Names,
OTTAWA, Ontario.

Dear Sir,

Enclosed please find name sheet and lists in respect of the new Provincial Map 92 F (Alberni - Powell River).

As the majority of names on this sheet have previously been approved on one-mile-to-one-inch map sheets, only the names outside the area of these sheets have been listed with several additional names, also those approved names which have since proved contentious.

The areas of the approved map sheets have been outlined in green on the name sheet, and additional and contentious names in these areas have been circled in green.

All the names appearing on this sheet will not necessarily be on the printed map, but are included in order that they may be adopted for the new Gazetteer.

Yours faithfully,

AFG

Chief Geographer and
B.C. Representative,
Canadian Board on Geographical Names.
