ESTAB OVER HALF A CENTURY

VISITORS OVERRUN CHINESE WARSHIP

Hundreds Crowd on the Decks of the Cruiser and Peer Into Every Nook Aboard Her.

TEA SERVED TO EVERYBODY

Admiral Kwang Thinks Taft a Great Man and Is Much Impressed with American Dreadnoughts.

The Chinese cruiser Hai-Chi, flagship of Rear Admiral Chiu Pin Kwang, was nearly swamped with visitors yesterday afternoon. The number who fought and scrambled to get on board of the little warship, the first ship from China to visit the United States, was well in the thousands, and at one time the crush on board was so great that standing room was at a premium on the decks. The visitors were not out to the cruiser in launches and rowboats, one of the Chinese officers estimating that the visitors scrambled up the gangways at the rate of at least ten a minute in the middle of the afternoon.

The ship simply took the ship and went everywhere. In the ward room they took possession of the big leather lounges and comfortable chairs and ordered tea. On the decks they fingered the guns, thumped the bosses in the searchlights to determine the thickness of them, and some of the bolder ones even opened the door leading into the Admiral's quarters and peeped in there.

It was the biggest crowd the Chinese officers and bluejackets on board had ever called upon to handle, but they gave everybody a welcome, and everybody who ordered tea got a cup of the best there was on the ship.

The crowd was cosmopolitan, and it seemed as if all the races in New York were represented. It got there early and stayed late. All the launches that the North River hackmen could charter were pressed into service, and from noon until 5 P. M., the visiting hours, every launch that came alongside was crowded to capacity with sightseers. A trim little Chinese rendezvous stood at the head of the gangway and welcomed everybody alike, and though his English was limited, he was able to make the visitors understand that the ship was theirs for the afternoon.

"I am welcoming to all of the visitors," the little officer said to a TIMES reporter when the latter asked him for his impressions of a New York Sunday afternoon crowd.

Admiral Kwang and his staff were not on board during the earlier part of the afternoon. They were ashore as guests at a luncheon at the Chinese Merchants' Association in Chinatown. After the luncheon, about 4 o'clock, the Admiral returned to his ship, and by forcing his way through the dense crowd was soon in the quarters reserved for him.

"What do you think of the President?" the Admiral was asked.

He is a wonderful man," he replied, and it was the greatest admiration for him. I had a long chat with him the other day, and he told me that he was greatly interested in my country and its prospects. He knows the friendship of the people of China, who realize that it is to their friend. They respect and admire him very much. The President and I talked of the Panama Canal, and he said that he had been down there five times. He is a fine sailor and has sailed all over the world, and he has no sympathy with persons who get seasick.

"The President said that my Government was to be a constituted one some day, and then he said we would have a lot of work to do, pointing out in front of it all the traveling he has to do. He said he had to go over distances all over the country, meeting the people. I told him what a great thing the Panama Canal was going to be for the United States, and how it would increase my country's commerce with the Far East. The President invited me to go down there, too, but I will not be able to do so, for my Government has called me back to return by way of England and the Suez."

What do you think of the American dreadnoughts of the Florida and Delaware type?" I asked.

"Splendid," he answered. "Particularly am I impressed with the American United States Navy has adopted. I saw the Delaware at the National review during the coronation, and her masts made her readily the most conspicuous vessel in the international fleet. Your kind of masts remind me of your wonderful high buildings."

And those buildings—what do you think of them?

They are great," Admiral Kwang replied, "and I imagine that the reason they are built so high is because land is so dear in New York. I understand a man has to go up high in the air or far down under the earth to get full returns for his money here, so valuable is the land."

What do you think of the woman suffrage movement?"

I don't take much stock in that movement. If women got to voting and holding office it will mean that they will go still further and become sailors and soldiers too. It strikes me that too much domesticity is being lost in this woman suffrage business."

What do you think of Mayor Gaynor?" the Admiral was asked.

He is all right," he answered with emphasis. He and I had a long chat yesterday. Yes, he is all right."

This morning Admiral Kwang will visit Grant's Tomb, and in the afternoon he will take luncheon with Admiral Usborne at the navy yard. To-morrow he will be entertained by friends in town.

It was after 6 P. M. before the last of the visitors left the Hai-Chi. The cruiser's boats had to be pressed into service to help in the landing of the crowd before sundown.

HELD FOR KILLING PAYMASTER

Father of Murdered Man Tries to Choke Highwayman Under Arrest.

PITTSBURGH, Penn., Sept. 17.—Two men were arrested to-day at Dawson, Penn., in connection with the murder of young David L. Steen, a coal operator, who was held up and shot to death while driving to one of his mines with a pay-roll of $2,400.

The murder was not taken, as Steen's father, who accompanied the victim, opened fire and the murderers fled.

The men arrested to-day are in addition to four taken into custody soon after the crime yesterday. The elder Steen identified one of these, Jim Dunlihan, and attempted to choke him. The father will come before the Coroner's jury this morning in an endeavor to locate the second highwayman.

OPEN BIG PAPER PLANT.

American Mills in British Columbia Called $10,000,000 Investment.

Special to The New York Times.

TACOMA, Wash., Sept. 17.—Large pulp and paper mills built by American capital have just begun operating at Powell River, on the British Columbia mainland, ninety miles north of Vancouver. Three years have been spent in building them, and British standards have been set there from the Atlantic seaboard and from European countries, regardless of cost.

A dam more than 200 feet high has been constructed across Powell River, forming a reservoir to insure an adequate water supply at all seasons. Several hundred square miles of timber lands have been acquired, comprising chiefly spruce and cottonwood. The total investment is said to reach $10,000,000.

The Tacoma and Texada Island Mining Company, owning large mines on Texada Island, has just contracted to supply the paper company with 15,000 tons of lime rock for use in pulp making, and the entire product of the mills will consist of print and other paper. The identity of the men who have invested millions in this enterprise has been kept secret, but they are understood to be connected with the so-called Paper Trust.

The Canadian Government on both sides of the respectful issue in British Columbia are using the new paper mills to illustrate their arguments. Those against reciprocity declare that other such investments of American capital for manufacturing purposes will not be made under reciprocity. Supporters of reciprocity hold, on the contrary, that reciprocity will encourage further investments to relieve Canada's raw materials.

BOTH BANCROFTS SUE.

Husband Names Infant Son as Co-Defendant with Wife in Divorce Papers.

Special to The New York Times.

WILMINGTON, Del., Sept. 17.—It is stated that John Bancroft, Jr., who has brought suit for divorce against his wife, Madeline Dupont Bancroft, is now at Seattle, Wash. This is said to explain the sheriff from notifying him of her counter-suit for divorce. The case is now scheduled for the September term of the Superior Court, beginning on Monday next. Both suits are brought on statutory grounds.

While the absence of young Bancroft for the East and also in 29 in the way of the trial of the counter-suit, it was announced to-day that counsel for the wife will allow the original suit to proceed. His object is to get in the Colonial wife's defense.

Friends of the wife charge that Bancroft is remaining in Seattle to evade service. In his libel he names his wife and her infant son as co-defendants. He charges that Mrs. Bancroft has been the alleged co-respondent, whose home is in Minneola. The infant has never been known by any other name. It is now stated that after the birth the young couple agreed to name it William Bancroft, after the wealthy Vice President of Joseph Bancroft & Sons Company, a cousin of young Bancroft's father.

William Bancroft is President of the Wilmington Board of Park Commissioners, and is one of the wealthiest men in this city. Mrs. Bancroft had the child christened as yet. Bancroft now denies it.

CONTINENT-WIDE REVIVAL CAMPAIGN

Dinner Given To-night to Church Workers by J. G. Cannon Will Be Its Inception.

BACKED BY BUSINESS MEN

In 76 Principal and 1,500 Minor Cities It Is Expected to Reach 23,000,000 Church-Going People.

With the dinner which James G. Cannon, Vice President of the Fourth National Bank of this city, will give to-night at the Metropolitan Club to the battalion of thirty leading church workers who are to be sent through the United States and Canada a great revival in church activity will have its inception. This large demonstration is being furthered by The Men and Religion Forward Movement, of which Mr. Cannon is honorary head.

The Men and Religion Forward Movement is organized along business lines. The organization work has been going on since May, 1910, and hundreds of business men and financiers from all parts of the country have subscribed to it, among them J. Pierpont Morgan, Cleveland H. Dodge, James H. Post, and R. Fulton Cutting of New York, and Cyrus H. McCormick of Chicago. It is said there will be no lack of funds to make the experiment a success.

The idea of the new religious movement is essentially this: Thirty trained men, in groups of five each, are to organize committees of 100 in seventy-six of the principal cities in the United States and Canada, and also in 1,500 of the minor cities. The lines of effort are five, namely, work with boys, social service, study of the Bible, the Biblical literature, evangelism, and community extension work among shop and factory employes. The five men in each team will be specialists in this kind of effort, each in a separate branch. The committees of 100 will be representative of the various Protestant churches in each locality and their affiliated brotherhoods and associations.

According to reports of Henry Rood, representative of the new religious movement, the campaign outlined in the seventy-six principal and 1,500 smaller cities will reach 23,000,000 church-going people in the United States and Canada. All of the committees of 100 will receive their instructions from the thirty trained men, supplemented by periodical instructions from committees of ninety-seven, selected from representative laymen from all parts of the country and having executive headquarters at 124 East Twenty-eighth Street. The instructions will be the same in every community served by the Forward Movement, and when organization is perfected the revival work will be begun simultaneously in all parts of the country.

Unlike most religious movements, the new project will be free from sectarianism. The Gospel will be preached, but without emotionalism or sensationalism.

"Practical religion will be preached," said Mr. Rood yesterday. "It might be termed the business man's view of religion. There will be no attempt to force any one to do this or that. Persuasion will simply be attempted to get men and boys to live good lives and to do good things.

"There is no attempt in this movement to supplant the churches. All the work will be done through the churches. The services of the thirty trained men will be simply loaned to them and they are expected to take up the work that is outlined to them. The clergy will be represented on all the committees, but the greater part of the committees for each case will be made up of laymen, principally lawyers, bankers, and business men of affairs and means, who can see in this movement a great good for the country at large."

Among the leading schemes of a country-wide agitation along reformative and evangelistic lines, Mr. Rood said yesterday, is a young man named Harry Arnold of Elmira, Ohio. Arnold managed a ball team when in college, and although he was discouraged by leading church conventions and international committees of the Young Men's Christian Association, he persisted until he got his idea before a body of business men, who could see its practicability. That was in May, 1910, and just before his school year ended Arnold fell a victim of tuberculosis. He is now in a sanitarium in the Adirondacks, where he is slowly recovering. He has the great revival or movement he dreamed for years will sweep over the country, Arnold will not be able to see the realization of his plans.

There will be one eight-day revival service in this city under the auspices of the Men and Religion Forward Movement some time in November. Five hundred men will take part. They will meet in the Broadway Tabernacle this afternoon to discuss the organization for the local demonstration.

After the dinner in the Metropolitan Club to-night the thirty trained leaders will leave for Minneapolis, and after a week's conference in the woods north of the city the active campaign for organizing the movement in the Northwest will begin, spreading from there by the East. Each team of church workers will have a retinue of stenos to help them in the revival work. Their expenses will be entirely borne by subscriptions.

SPEAKS ON ASTOR WEDDING.

Henry Frank Wonders at the Pulpit Clamor Caused by It.

Henry Frank, whose Sunday lectures are a feature of a fashionable ethical cast, spoke yesterday morning in Lyric Hall, at Sixth Avenue and Forty-second Street. He included Sunday's sermon on ecclesiastical discussion of divorce in general, and of the Astor-Force marriage in particular.

He afforded his audience no little amusement by the way he pictured the perplexities of divines and churches in handling the problem, and for his own part he had no condemnation of Col. Astor to make. Quite the reverse. It was the substance of his brief that the churches had been silent through many years, only to burst into clamorous disapproval at a time when Col. Astor proposed to do something really worthy.

He spoke of the criticisms launched from one "hiding behind the surplice and pulpit" of a Philadelphia church, and was led to express his wonder if the criticisms from that quarter had not been invoked by the "itching palm of notoriety." He could not believe that he did know.

But the thing that amuses me," said Mr. Frank, "is to see the Episcopal Church—of all Churches—leading in all this clamor. Let them remember that Anglican Church was founded on a desire for divorce."

And he ran hastily over the story of Henry VIII. divorcing Catherine of Aragon.

Mr. Frank propounded the theory that marriage was better off before it was interfered with by the Church, and would be better off when the Church learned to let it alone as something outside its province. He gave as an aside, by his belief that divorce will grow fewer as the years go after marriage, the more free and strucible unions between man and woman are made more frequent by changing social conditions. He held forth in hope that such unions will abound in the days of woman's greater economic equality with man. In closing he said:

"The only perfect shrine and the only perfect chapel are the friends, and the only divinities are little children."

DELAY MRS. MONKS'S DIVORCE

Court Questions Legality of Her Short Residence at Reno.

Special to The New York Times.

RENO, Nev., Sept. 17.—Alice Parks Monks, wife of John Monks, Jr., a contractor of New York City and Southampton, L. I., is having trouble in the divorce courts here over the question of her legal residence.

Mrs. Monks came to Nevada recently, and, although residing in Reno at a local hotel, filed her suit in Virginia City in another county. The husband came West and submitted to service in that county, and returned to New York, then doing away with the six months' residence here on the part of the plaintiff.

The case is being hard up, however, by the Court, which is acting upon objection to establishing jurisdiction.

The couple were married Aug. 30, 1905, and have one young son now at school in Switzerland. The wife alleges willful desertion since May 5, 1910, at Southampton, L. I. She declares she conducted herself as a dutiful wife, and gave him no just cause for leaving her. She and her son-in-law, child, Mrs. Monks was only seen in Virginia City, it is said, on the day of hearing of her suit. She is represented by one of the leading law firms in Reno. Mr. Monks is not opposing her suit.

FIFTH AVENUE RUNAWAY.

Black Horse Leaves Drivers in Gutter and Speeds On with the Shafts.

Starting in front of the Waldorf-Astoria at Thirty-fourth Street and Fifth Avenue last night a black horse drawing a delivery wagon belonging to the firm of Fouquet & Co. took fright at a passing automobile and ran to Fourteenth Street and Fourth Avenue before it was finally brought to a halt by a policeman who had leaped on the running board of a taxicab and pursued the animal.

In the runabout were Herman Klashon of 48 East 112th Street and Hyman Hald of 1125 East 172d Street. As the horse sped along the avenue it narrowly missed two persons who were crossing, and but for the quick work of the men in the vehicle a number of serious accidents would have probably occurred. The runabout careened front side to side and auto drivers were compelled to steer their machines to the curb on both sides to avoid being struck. As the horse darted across Thirty-fourth Street the runabout collided with an automobile which had driven to one side of the avenue, and the runabout was demolished. Klashon and Hald were thrown out, but were not injured. The black horse, drawing the shafts of the demolished runabout, sped on down the avenue. Policeman Ryan, standing at the corner of Twenty-eighth Street, summoned a taxicab and ordered the chauffeur to pursue the runaway. For fourteen blocks up and out of the traffic horse and taxicab raced. Patrolman Schaefer, of the New West Twenty-third Street Station leaped on the running board of another taxicab at Eighteenth Street, and the two machines soon ran abreast of the horse, which was nearly winded by the time Fourteenth Street was reached. There Patrolman Ryan seized the reins.

CARSTAIRS Rye has stood the test of time and taste in New York City for over 122 years.

The most conservative, the most discriminating users of whiskey have insisted on Carstairs Rye for nearly a century and a quarter.

If any man who is unacquainted with Carstairs Rye *now*, will *try it* once, he will immediately join the coterie of particular and judicious whiskey users who will have *nothing else.*

Call for it at any club, cafe or hotel in the city.
It is a blend of the choicest old whiskies.
It is aged in wood. It is fully matured.
It is the mellowest, the most palatable whiskey distilled.
Carstairs Rye is absolutely uniform.
It is the oldest, purest, best whiskey in America.

The Coward Shoe

A new Coward last, for men's feet

This new Coward Shoe is for men whose feet are slim and narrow through the instep. The waist is graduated, made much smaller than ordinary, and cut well in under the arch. It just gives a perfect instep fit, but furnishes a beneficial support to the foot-structure which helps arch weakness and prevents "flat-foot."

Please ask the salesman to show you the Coward NEW Combination Shoe.

YOU ARE CORDIALLY INVITED TO SEE NEW STYLES

REID & YOUNG

THE CITY IN BRIEF

Moving pictures at Edison theatre tonight.

Mrs. Williams of Kelowna, has been the guest of Mr. and Mrs. R. Howson.

The famous Juvenile Bostonians next Tuesday and Wednesday at the Edison.

Ladies' Auxiliary of the Presbyterian church tea in Howson block on Sept. 23rd.

Book your seats early for the Juvenile Bostonians at the Edison theatre next Tuesday and Wednesday.

Take tea with the Ladies' Auxiliary of Presbyterian church, Saturday next in the Howson block.

Mr. and Mrs. Glover, of Vancouver, are visiting at the home of Mr. and Mrs. Donaldson.

R. M. Smythe leaves on Tuesday morning with fifty of Revelstoke's best birds to enter them in the Vernon fair next week.

Don't forget the big smoker to be held in Selkirk Hall on Wednesday evening next, at 8 o'clock, by the Conservative Association.

It cannot be denied that Howson's cash prices are as low as Eastern catalogue prices, freight added. Bring your catalogue to our store and we will make actual comparisons.

A dance will be given in the opera house on Thursday night next, Sept. 21st. The dance is being held under the auspices of the new orchestra, under the leadership of Prof. T. Skatruff. Particulars later.

Mrs. R. H. Urquhart entertained at progressive Five Hundred, Friday afternoon. Mrs. A. McRae and Mrs. R. S. Squarebriggs being the fortunate prize winners.

Mrs. J. Laughton entertained last evening in honor of Miss Morrison, who is to be married Monday. A miscellaneous shower was the feature of the evening. About thirty guests were present.

Tae Misses Deutschman, of Elkhorn, Ill., sisters of Mr. Chas. Deutschman, spent Thursday in the city en route to the Pacific coast and California, after spending two months at the famous Deutschman Caves.

Mr. A. H. Holdsworth, of the Watson Realty Co. of Calgary is on the city and is opening up real estate offices for the firm in the building now occupied by McKinnon Bros. on McKenzie avenue.

The Conservative Association will hold a big rally and smoker in the Selkirk Hall on Wednesday night, Sept. 20th, at 8 o'clock. A good program will be rendered and an enjoyable time is assured. Everybody welcome.

New Laid Eggs 50c. Per Doz.

In order to get the best results from your chickens you must provide the best foods available, as without these egg producing foods you certainly do not get the best results. Try our Beef Scrap, Oyster Shell Grit, Crushed Bone or Alfalfa Meal.

FEED—We also carry a full stock of Hay, Oats, Wheat, Barley, Corn, Chop, Bran and Shorts.

A. HOBSON, Baker and Grocer.

FOR SALE

We have some first-class lots in some of the leading prairie towns along the G. T. P. also lots in Edmonton, Saskatoon and Medicine Hat.

This is genuine Grand Trunk Pacific property and positively guaranteed. Prices from $100 to $250.

KOOTENAY AGENCIES LIMITED

Send your old parlor furniture to Howson's special discounts for cash.

Every 100,000 settlers in the West, means 20,000 extra hands in the factories.

Mrs. E. Adair, of Vancouver, is visiting friends and relatives in the city.

Howson & Co. keep a first class upholsterer to do repair work, also furniture polished and made like new.

FOR SALE—160 acres of land in the Bitter Root Valley, Montana, clear for cash or trade for vacant lots. Box 287, Revelstoke, B. C. 4t.

Vancouver has two murder mysteries on hand at present. That of J. Carlson a Swede, the latter being W. Urquhart, a liquor merchant on Cordova street, who was shot and instantly killed in his store on Monday night last at seven o'clock. The murderers in both cases are still at large and the police are unable to make headway in the unravelling of the mysteries as to who the murderers are.

Mr. Geo. Soutar, the well-known evangelist and trail builder of California, spent yesterday in the city en route to Vancouver. To the Mail-Herald Mr. Soutar spoke of his early life in the great west when an outlaw he was hunted for years. Mr. Soutar has given up the wild life and is lecturing throughout the country from which he draws a good moral. He says the life of an outlaw is full of remorse and regret, and that the only real life is the one of righteousness. Mr. Soutar is a man of a good deal of personality, and every effort was made to have him speak here, but owing to the public meeting being held, he decided to wait for a future date at present.

METHODIST CHURCH.

Rev. R. J. McIntyre, pastor. Services at 11 a.m. and 7:30 p.m. Sunday school at 2:30 p.m. On Sunday evening Rev. A. E. Smith of the Baptist church, who is shortly leaving us, will preach. Come and hear him. Monday at 8 p.m. there will be a gathering of young people to consider Epworth League work for the fall. Wednesday at 8 p.m. prayer meeting. Friday evening, choir practice. A cordial invitation is extended to the public to all the services.

Wedding Bells

The residence of Mrs. Homme, Pine street, was the scene of a very quiet but very pretty wedding last Saturday evening, when Miss Blisabeth Clarice Hallen of Marionette, Wis., became the wife of Mr. Wade A. Siebenthal, superintendent of mines Republic, Mich. The ceremony was performed by Rev. J. W. Stevenson, in the presence of only the intimate friends of the bride.

Mr. and Mrs. Siebenthal left on the midnight express for Glacier, and after visiting other points in the Rockies they will proceed to their home in Republic.

Conservative Committee Rooms

SELKIRK HALL

Liberal politicians and their associate advocates of Reciprocity are basing their appeal for the votes of British Columbia workers on the ground chiefly that the ratification of the Reciprocity agreement will materially cheapen the cost of living in this province. Leaving aside altogether the fact that cheap prices almost invariably go hand in hand with hard times, what is the rational and honest answer to this seductive appeal: That the highest possible rates of difference in the cost of foodstuffs and other domestic essentials is but trifling in any event and altogether disproportionate to the difference in the rates of wages and the market demand for labor in this Canadian province, that the adoption of Reciprocity must bring about. Also that home-grown foodstuffs are entitled to some slight protection during the infancy of the agricultural industry in British Columbia, and that the money spent for the home product remains in British Columbia for the development of our own country to the advantage of all, instead of being diverted foreign for the purpose of building up a neighbor country at the expense of our own.

Do then, the workingmen of British Columbia want Reciprocity with the United States, that is, so far as they are concerned with the neighbor states just over the l . Reciprocity if it means anything, means of necessity, equalization of conditions. Do the workers of this country want their wages brought down to the Seattle standard, and the market for their services slanted so that they may be forced to take anything they can get for their labor in order to keep body and soul together?

A prominent officer of the Norton Construction Co., one of the largest firms in the building trade in Western Canada, and one of the largest employers—an officer who is entitled to speak with authority by his position in that company, states that owing to the depression in the adjacent American states, contractors of Seattle and Tacoma are now invading British Columbia and tendering upon large undertakings in our cities basing their calculations on insufficient investigation of local conditions and taking it for granted that labor is here available at Puget Sound prices, with the result that their bids are invariably under the actual cost and they are either unable to complete their contracts and they are compelled to throw them up and flit back to Seattle or go thru' with them at a heavy loss.

In the allied building trades wages generally are from 15 to 25 per cent higher in British Columbia than in Seattle. While unskilled labor is available in any quantity in the Sound city at from $1.50 to $2 per day while here it is scarce at $2.75. owing to conditions of depression there, it is stated that, as a matter of fact, it is possible to get labor in Seattle at any price offered.

Another heavy employer of labor, on the street paving line, an officer of a company employing hundreds of men in Victoria, states that while $2.75 per day is here paid for unskilled labor in their undertakings, the correct rate in Seattle is $2 per day, but no one sticks to the rate and any number of men are glad to get work at any time and at any price they can get.

President J. J. Warren, of the Seattle Valley Railway, now under construction, says that while the greater part of their labor is engaged by the month, the ruling cost is approximately 30 per cent higher than in the neighbor states.

Grant Smith & Co., contractors for the Canadian Northern Pacific on Vancouver Island, have just been cited in the Victoria police court, for the importation of laborers from the United States in contravention of the Canadian immigration and alien labor laws, a contravention joined in by the government at Ottawa thru' the manager of institutions to its agent to illegally smuggle laws of contract signed for the protection of Canadian workingmen, admitted any pay of labor offering in the Seattle at $2.00 to $2.25 per day, while here the earnest wage is $2.75 minimum and the supply of workers limited.

If J. Scanlan (also with his associates of the Brooks-Scanlan company) has approximately $250,000 invested in various British Columbia industries, says that of the thousand and more white men employed at their works at Powell River in the making of pulp and paper these are receiving the highest wages paid anywhere in the world in

their respective classes of employment, unskilled labor obtaining from 10 to 20 per cent more than at any other Pacific coast paper making centre.

The cost of living at Powell river, says Mr. Scanlan, is no higher than it Victoria or Vancouver, indeed, taking into account the factor of rent, it is lower—in part due to the policy of the company in providing first-class homes for its employees at a cost of 5 per cent only on the invested capital. As for foodstuffs generally, the company's stores sell at Victoria and Vancouver prices.

Deputy Minister W. E. Scott, of the Department of Agriculture, bears witness that the standard price of agricultural labor in British Columbia is from $25 to $45 per month, with board and lodging, or day labor at from $2 to $3, as contrasted with $1.50 to $2.25 in the states of Oregon and Washington, where the monthly standard is from $20 to $30. This fact must not be lost sight of in recognition of any possible minor difference in the cost of farm produce, fruits, etc., to the consumer in states just across the border and in British Columbia; also the related and important facts that farm produce exported to British Columbia from these states cannot be as fresh and wholesome as the home-produced article. The rigid enforcement of the Pure Food Laws of the United States, too, leaves the American producers with a considerable quantity of inferior and unwholesome produce upon their hands which they will be certain to utilise for export British Columbia being made a dumping ground for this grade rejected at home.

Labor Criticism of legislation

Calgary, Sept. 12—This morning's session of the 37th annual convention of the trades and labor congress of Canada was taken up chiefly by the consideration of a number of resolutions and the hearing of various reports.

The various committees were busy and will tender their reports in the course of the convention.

Embodied in the various motions were many important principles which, when ratified by the congress will place that body on record as opposed to much of the legislation that has been enacted by the present Liberal government in so far as it affects the working classes. The Lemieux act was subjected to many attacks, while the immigration laws the alien labor laws, and the methods of the government in dealing with labor laws in general were subjected to criticism.

A delegate quoted an instance of how the immigration laws are being evaded. Men are brought over from Europe and loaned the necessary $25 which is then taken from them and given to other laborers in order that they may meet the requirements of the law.

Solicitor O'Donoghue remarked that the immigration law at present was really not worth the paper it was written on.

Delegate Bancroft thought the immigration law was worthless so far as labor was concerned.

A resolution was moved by Delegate Frank Bancroft that the congress resent the insult offered to organized labor in Canada by the statement of a representative of labor appearing before the senate in which he said that the workingmen of Canada were "improvident."

The resolution was carried unanimously.

Which is it to be, the splendid natural resources of Canada for the Canadian people or for the United States Trusts?

Mr. Templeman's Victoria Times, says:

"It is not the duty of immigration agents to enforce the Alien Labor Act." It seems not. On the contrary Mr. Templeman and his colleagues have imposed on them the duty of breaking the Alien Labor act.

The Reciprocity agreement will retard the East and West Development of Canada and make that country a business part of the United States, with the lines of traffic running more to the north and south Reciprocity will really cut Canada into two countries. The section east of Lake Superior will merge with the New England States, and West will become part of the west of the United States.—New York American.

Electors take notice that the Polls Open at 9 a. m. and close at 5 p. m.

Vote for GOODEVE and the Union Jack. A Greater Canada within the Empire.

New Fall Dresses

We have to-day opened the first of our new Fall Dress Goods, making the best showing of new materials that we have ever displayed. The new weaves and the new colors are all here and they are all exclusive, no two are alike. We will be pleased to show them to you.

Warm House Slippers

If you want something comfortable for home wear, we can fit you out with a good, warm pair of slippers. We have them in all sizes for women, misses and children.

McLennan & Co.

ANNUAL HOSPITAL MEETING

Reports Presented and Directors Elected for Ensuing Year

The tenth annual meeting of the Revelstoke Hospital Society was held in the City Hall on Thursday, Sept. 7th, 1911.

The following members of the Board were present:—R. Gordon, 1st vice-president, in the chair, F. E. Sine, A. E. Kincaid, J. H. Armstrong, R. Macdonald, J. Lyons, C. Holten, P. Hooley, A. B. McClenaghan, Dr. Sutherland and the Secretary, W. D. Armstrong.

The minutes of the last annual meeting were read, and on motion of Mr. Kincaid, seconded by J. H. Armstrong, were adopted as read.

The financial statement and balance sheet for the year 1910-11 were presented. The secretary stated that an auditor had not been appointed, and requested that one now be employed to verify the statement submitted. It was moved by Mr. Sine, seconded by Mr. Macdonald, that this be left with the financial committee.—Carried.

The Medical Superintendent's reports of Revelstoke, Arrowhead and Chase, were presented by Dr. Sutherland, and on motion of Mr. Sine, seconded by Mr. Holten, were adopted and ordered filed.

The chairman, in the absence of the president, Mr. Kilpatrick, then read the address to the Board, and in moving its adoption thought that in view of the kind words expressed towards the medical and nursing staffs of the hospitals of the Society the secretary be instructed to convey to them the very great appreciation of this Board for their services, feeling that the success and popularity the institutions now enjoy, are due in a great measure to their untiring zeal, kindness and courtesy. This having been seconded by Mr. J. H. Armstrong, the motion was put and carried.

PRESIDENT'S ADDRESS.

Gentlemen:—In presenting to you the tenth annual report of the Revelstoke Hospital Society, I cannot dwell too strongly on the necessity of further increasing the accommodation of our present Hospital. Notwithstanding the completion of the new wing and general repairs to the old building, the capacity of the hospital has been taxed to its limit during the past year, and as all indications point to a season of great activity in this district it will be well in the near future to discuss ways and means for the erection of an up-to-date building on the site of the old hospital, as this building has quite outlived its usefulness.

As will be seen from the treasurer's report, there has been a surplus of $5,903.18 over expenditure, which has been placed to capital account. This surplus is due to the per capita grant from the Provincial Government, without which we would have a deficit at the end of the year. Last year we had a special grant of $500 from the Provincial government in aid of the new wing which enabled us to complete this building without going into debt. With the addition to the hospital, the expenses have increased, but fortunately the revenue has also increased, and I think shown them.

I wish to thank the directors of the Society for the attention they have given to the affairs of the hospital, the Ladies Hospital Guild for their good work in supplying the hospital with linen and other necessaries and refurnishing one of the private wards. The medical and nursing staff (of which there are none better) for their prompt and loyal attention to duty, also our contract patients for their prompt payments, and the citizens and corporation of this city for the valued assistance given.

I beg to move the adoption of the reports.

DIRECTORS MEETING.

The first meeting of the Board of Directors for 1911-12, was held immediately after the adjournment of the annual meeting.

There were present Messrs. Gordon Sine, Kincaid, J. H. Armstrong, R. Macdonald, J. Lyons, Holten, McClenachan, Hooley, Dr. Sutherland, and W. D. Armstrong.

The chair having been vacated, the following were elected as officers and committees for the year 1911-12:

We are to be congratulated on having saved this amount.

The Medical Superintendent's report of Revelstoke and Arrowhead, show a large increase in the number of cases treated and hospital days.

The hospital at Chase has now been in operation about nine months with a doctor and nurse in charge and I am happy to say, is paying a percentage on the investment of the Society.

The Alexandra hospital at Arrowhead has proved a great convenience and benefit to many.

I am very pleased to say there has been no complaints at our service, and every patient leaving the hospital has nothing but praise for the kindness, courtesy and attention President—T. Kilpatrick.

1st Vice-President—R. Gordon.

2nd Vice-President—A. E. Kincaid.

Arrowhead Board of Trustees—Messrs. Lachmund, Cooper.

Chase Board of Trustees:— Messrs. Haylock, Sawyer, Ackers and Underwood.

Sec.-Treas.—W. D. Armstrong.

Executive—Messrs. T. Kilpatrick, R. Howson, McCarter, McClenaghan, and the secretary.

Building Committee—Messrs. T. Kilpatrick, Howson, McCarter Dr. Sutherland and the secretary.

The following names were placed in nomination for directors for the year 1911-12:

B.R. Atkins, A. E. Kincaid, P. Hooley, A. McRae, W. D. Armstrong

There being no third nominations, these gentlemen were declared elected

It was moved by Mr. Kincaid, and seconded by Mr. Sine, that the election of the three other directors to fill the vacancies on the Board, be deferred to the next regular meeting.—Carried.

The meeting on motion then adjourned.

This is Julius F. Rochau who left Kansas City, Mo., in July 1910, and whose relatives desire to get in touch with him. For any information concerning his whereabouts and leading to his location, Charles H. Frye, Ninth Avenue and Columbia Street, Seattle, Wash., U. S. A., will pay a reward of $30

If Mr. Rochau sees this it will be to his advantage to communicate with Mr. Frye at once as everything is all right and there is no reason why he should not return to his family immediately.

Card of Thanks

To the neighbors, friends and fire brigade who kindly assisted during the fire at our residence on the 9th inst.

Mr. and Mrs. T. Hughes.

TO LET—House on Third street near C.P.R. Shop. Apply Revelstoke General Agencies. t.c.

WANTED—Dressmaking at home or at ladies' homes. Miss Rayner, at corner of Fourth street and McKenzie avenue.

Young Man Disappears and Friends are Anxious

G. Gray, a young Englishman, who for more than a year past had been working with survey parties in this district, disappeared from his home in Alberni on Wednesday morning under circumstances that have caused great anxiety to his friends. A diligent search by the police and others has failed to find any trace of him, and it is believed that he has either committed suicide or is wandering about in the woods with his mind unbalanced. A few hours after his disappearance a note, written by him, was found. He made no mention of his intentions, but left careful instructions for the disposal of all his personal effects. His intimate friends say that for some days previous he acted in a strange manner, causing the suspicion that he was losing his reason.

The missing man was in the employ of George A. Smith, C. E., and was engaged in survey work on I. E. Somer's ranch, Beaver creek.

COAL FOR SALE

The coal at the tunnel mouth at Port Alberni will be sold in small amounts to all comers at the rate of three dollars per ton, a cubic yard being estimated as one ton.

Orders to be signed at the office of the Alberni Land Company, Ltd., Port Alberni.

READY FOR FAIR

A meeting of the directors of the Alberni Agricultural Society was held on Thursday evening to complete arrangement for the Fall Fair to be held on Wednesday next, Oct. 4.

Judges appointed are as follows:

Horses, cattle and sheep—F. Quick.

Poultry—J. R. Terry.

Fruit and Vegetables—S. Mottishaw.

A judge for ladies work is yet to be appointed.

The building committee reported that good progress was being made with the Agricultural hall and that it would be ready for the exhibition.

It was arranged that the directors meet at the hall on Monday at 10 a.m. to arrange for the placing of exhibits.

It was also arranged to have the Agricultural ball, which it is hoped will become an annual affair, in Whyte's hall on Friday, Oct. 6th, Mr. Whyte having kindly donated the hall for this event. The directors wish to raise some funds to meet current expenses and they hope the ball will be a financial as well as a social success. The committee is composed of Mrs. Hills, Mrs. Grieve, J. J. Burke, Harold Bishop, F. H. Swayne, A. L. Withers, R. Wood and C. Grandy.

Music Lessons:

Mrs. W. C. Clark, Alberni, is prepared to receive pupils for violin or piano tuition.

Football.

At the annual meeting of the West Coast Football league, held in Alberni on Thursday night, the following officers were elected:

Honorary President—J. F. Bledsoe.

Honorary vice-president—R. F. Hickey

President—Jas. R. Motion.

Vice-president—R. Wood.

Secretary—J. Matheson.

Auditor—F. H. Swayne.

Delegates representing Parksville, the Indian Industrial school, Alberni and Port Alberni were present, and there will be four teams in the league this season.

The first match will be between the Port Alberni's and the Indians on Saturday, October 21.

The concert advertised to be held in Whyte's hall, under the auspices of the Alberni Football club, last night did not materialize owing to the inability of a number of the entertainers to appear. The dance, which was to have followed the concert, was commenced at nine o'clock. There were just enough people present to use all the floor space without crowding, and the event was one of the happiest of the many happy ones that have been given in Alberni.

The steamer Leebro, which took a full cargo of whale oil to Victoria this week, reports that the whaling stations on the West coast have been unusually successful in recent weeks. Kyuquot had taken twelve whales in the last few days, bringing the total for the season up to 401, in which were included 23 sperm and 68 sulphur bottoms. The take at Sechelt to date numbers 450; at Naden Harbor, 300, and at Ross Harbor 300, making a grand total at the whaling stations in British Columbia of over 1,400 mammals, which constitutes a record in the history of off shore whaling.

WAR!

Italy and Turkey Commence Hostilities, and Awful Results are Anticipated.

Bulletins of Associated Press dispatches received by the Pioneer News last night say:

Italy and Turkey are declared to be in a state of war, dating Sept. 29.

Tripoli is blocked by an Italian Fleet.

A world war is predicted.

Italy is providing for the safety of foreigners in Tripoli.

A massacre of Europeans in Constantinople is feared.

Turkey is mobilizing troops on the Greek frontier.

A later dispatch received this morning tells of active hostilities and a naval engagement in which two Turkish cruisers were sunk.

Foreign warships are speeding to the danger points.

Foreigners in Turkey are fleeing for their lives and there are reports of massacres.

The installation of a gas engine pumping outfit for the E. & N. railway at Roger Creek has been completed by Stone & Blandy of Port Alberni. The engine will pump water from the creek into a tower for locomotive supply the water being lifted about 90 feet. On the first trial the engine pumped 10,000 gallons, the capacity of the tank, in one hour and five minutes.

G. H. Barnard, who has been re-elected member for Victoria in the Dominion House, is a guest at the Somass, accompanied by Mrs. Barnard and Mrs. H. B. Robertson. While not inclined to discuss politics at the present time Mr. Barnard congratulated the Conservative workers of Alberni and Port Alberni on the splendid results in favor of H. S. Clements, Conservative candidate in Comox-Atlin.

J. S. Cundingham, of Victoria, is in town making arrangements to open a branch office of the L. B. Bick real estate concern. He has rented a part of the Somass hotel building and the entrance to the office will be from the front verandah. The L. W. Bick firm has done a lot of advertising of Port Alberni from Victoria as far east as Toronto and has been responsible for interesting a large number of influential people in the town and district.

A party of men, under direction of James Gibson, have been active all week removing stumps from three lots at Argyle street and Fourth avenue, where building operations are to be immediately commenced. The lots are owned by R. W. Gibson, of the Canadian Pacific Lumber company, and he has arranged for the building of a block of twelve stores. Mr. Gibson believes there will be a big demand for ready business premises next spring.

Capt. Clive-Phillips, Woolley, of Kokosilah, was a visitor in town this week accompanied by Mrs. Woolley and daughter. The captain is president of the Salt Spring Island Navy League and has taken a prominent part in naval league affairs in British Columbia. While in Port Alberni he discussed with a number of citizens the prospects of forming a branch of the league here and a movement to this end has been undertaken by G. H. Bevan-Pritchard.

For Hire, Charter or For Sale

The launch Victor, length, 40 feet; beam, 9 feet 6 inches. Twenty-horse power Buffalo gas engine. Everything in first-class order. Can be seen at Bird's wharf. Apply or address enquiries to this office.

Falls From Verandah and Dies From Injuries

E. S. Smith, of Victoria, met with a fatal accident in Port Alberni last Sunday evening. With a party of friends he was spending a holiday in the district and was registered at the Somass.

Shortly after dinner hour Mr. Smith went to his room to rest, and not being able to sleep he walked out onto the verandah of the second storey. For awhile he sat on the guard rail of the verandah conversing with one of his friends and appeared to become drowsy. The friend left him there and went downstairs, returning within a few minutes to find that he was gone. A little later, when Mr. Smith was not found in his room, the friend became anxious and went in search of him. The missing man was found, in an unconscious condition, in the yard just below where he had been sitting. He had evidently dosed off into sleep and thus lost his balance. His head had struck one of the rocks at the edge of a path and was badly cut. His back was also badly bruised and wrenched.

The injured man was carried to his room and was soon under care of Dr. C.T. Hilton, and Miss Guilloid, a trained nurse. He did not sufficiently recover consciousness to explain coherently what had happened to him. He died early Tuesday morning.

Mrs. Smith, who had been telegraphed for, arrived on Tuesday afternoon, and the body was shipped to Victoria the following day for burial.

Deceased was in the real estate business and had a residence at Oak Bay.

Clements Returned.

Latest returns from the scattered polling stations in Comox-Atlin give H. S. Clements, Conservative candidate, a majority in the neighbourhood of 150. Mr. Clements election has been conceded as there are not enough votes yet to be heard from to give Duncan Ross, the Liberal candidate any hope.

Royal Bank to be First.

As a result of the absorption of the Colonial Bank of the West Indies by the Royal Bank of Canada it is reported in eastern financial circles here that the Royal Bank will increase its authorized capital stock from $10,000,000 to $20,000,000. The Royal had twenty-three branches in the West Indies, and the Colonial had fifteen. The combined banks will have two hundred branches in all.

If the capital stock of the Royal is increased to twenty millions it will be the largest financial institution in Canada, taking the place at present occupied by the Bank of Montreal, which has $14,400,000 capital stock, all paid up.

Powell River Industry.

The Powell River Paper company has about completed its plant on Powell river and will, in the course of the next two or three weeks, be manufacturing paper there. Tests are being made now to ascertain if all of the machinery and equipment is in shape for work so that when the machinery is once started there will be no serious hitches.

Powell River, the site of the plant, is the outlet to the great Powell lake, which is several miles in length. A dam has been built across the river and through this the waters from the lake run. This supply, backed up with such a great body of water, is an almost limitless source of power.

The plant's capacity will be eighty tons of paper a day. This, while not exceptionally large, is considered to be among the highest of the country. The capacity, it is hoped, will be increased in the course of a few years.

Two hundred and fifteen men will be employed when the plant is in operation.

The officials of the company are D. F. Brooks, president; M. J. Scanlon, vice-president; P. A. Brooks, secretary, and N. R. Lang, general manager. The officers are well known in the northern part of the United States as multi-millionaires and big lumber men. They are heavily interested in timber lands and enterprises in Wisconsin, Minnesota and Michigan.

EXPERT ADVICE

Ex-Alderman F. W. Vincent, of Victoria, who had been enjoying a holiday up the west coast, returned to Port Alberni on Wednesday and is registered at the Somass. Speaking of the move to incorporate the town, Mr. Vincent, who is interested in property within the proposed municipal area, said he thought one of the first enterprises that should engage the attention of the council after inauguration was that of establishing its own water and electric light and power system. The latter, he believed from experience, would prove most profitable to the citizens.

Mr. Vincent also discussed the failure of residents who had worked for, and supplied material to the contracting company that installed the B. C. Telephone system, to receive compensation in the courts. Without going into the legal aspect of the cases Mr. Vincent thought some moral persuasion might be brought to bear on the company after the town became incorporated. If he were to be an alderman in the new city he would refuse to concede anything the company might ask for until certain residents had been satisfied in their accounts. He would advise the council that is to be that unless it took a firm stand in regard to the B. C. Telephone company at the outset, it would, as has been the experience in Victoria, Vancouver and other cities, have trouble to face later on.

Thos. Kirkpatrick Dead.

The death occurred on Thursday night, at 10-30, of Thomas Kirkpatrick a pioneer and one of the oldest resi- of Alberni. He was 67 years of age and had been in the district for 26 years. Death was due to paralysis resulting from an accident that happened several weeks ago. The late Mr. Kirkpatrick was the father of Mrs. C. A. Cox and Mrs. E. L. Gill, both residents of Alberni. The funeral will take place at 4 o'clock this afternoon.

British Columbia Mortgages

In placing any surplus funds your first thought should be—security. The careful investor is wary of mining and oil shares, because no security is usually given.

No safer form of investment exists to-day than first mortgages. Ours are placed on improved city properties in Vancouver and farms in Saskatchewan and Alberta. Our valuations are made by experts and are very conservative.

No loan is placed for more than 50% of appraised value. All loans are approved by board of directors. The company insists on the payment of a portion of principal at end of third year, interest payable half-yearly. Titles are searched and certified by our solicitors.

We guarantee to net you SIX PER CENT., making all collections and attending to minor details without charge. Let us tell you more about our Guaranteed First Mortgages.

National Finance Company
LIMITED

Toronto Office: 26 Wellington E. VANCOUVER, B.C.

THOS. T. LANGLOIS, Pres. W. P. REID, Sec'y.
GEO. J. TELFER, 1st Vice-Pres. H. C. GORDON, Treas.
J. W. HORNE, 2nd Vice-Pres.

The Canadian Pacific Railway has come into the market for 25,000 tons additional of rails for early shipment. As the Dominion rail mills are overflowing and the rails are wanted for early shipment, the probability is that the contract will again go to Chicago mills, which have recently rolled 30,000 tons for Canada.

In 1910 phosphorus matches cost Manitoba fire losses amounting to $275,000. Electric wiring is one of the recent causes of fires adding to the cost of our ash-heap, and so is the neglect of proper care of rubbish accumulating in basements and elsewhere. The increased use of gasoline and its careless handling is another factor to augment the [illegible] ratio and increase the insurance rate.

Work on the pulp and paper plant of the Powell River Paper Company is about completed, and the initial run is expected to take place this month. Officials are: Messrs. D. F. Brooks, president; M. J. Scanlon, vice-president; P. R. Brooks, secretary; and N. R. Lang, general manager. These gentlemen are from Minneapolis, and made much money operating in lumber and pulp enterprises in the middle northern states.

MAHOGANY
The Stuff Heirlooms Are Built From

Today many people value old Mahogany furniture made sixty or seventy years ago, more than they do new modern pieces.

Why? Years ago there was no cheap furniture made. Every thing was well built, and cost a fair price. But people today seem to demand a low first cost above all other considerations.

Generally you get just what you pay for. Good Furniture is better constructed today than it ever was, and it costs less, too.

We've just received from the leading furniture makers a bunch of attractive pieces that will grow more valuable as time goes on. They're in the Heirloom Class. Solid Mahogany, proper designs, put together to defy furnace heat. Very suitable for wedding and Holiday Gifts. A pleasure to show them.

Four Poster Beds at $30.00.

Napoleon Beds for $25.00.

Tables at $10.00, $15.00, $16.

Rockers, with looks and comfort, $8.00, $15.00 to $25.

HERE ARE THE NEW
Sweaters and Toques

For Women And Children In The Snappiest Fall Styles From The Best Makers
Prices Decidedly Attractive.

The smart sweater has become an indispensable part of every up-to-date woman's wardrobe. It is a necessity these chilly days—whether for the numerous Fall and Winter out door sports or for walking or driving a sweater is both a comfort and a smart addition to the outfit. And the same can be said for the trig Knitted Toque.

The new Fall styles for women and children we are showing are if anything handsomer than ever. They come from the most reliable makers in the country and are splendidly knitted of the very finest all-wool yarns and are shaped to fit perfectly. All sizes. The variety of weaves and colors is amply large to meet any and every taste while the range of unusually low prices places one within everybody's reach.

Children's Sweaters, $1.00 to $2.50
Women's Sweaters, $1.00 to $7.50
Knitted Caps from 25c to $2.00

Washtenaw Arbor of Gleaners, 8 p. m., Superior Town Hall.

Vespers, 4:45 p. m. Normal Hall.

Rural Calendar for Thursday, Nov. 9

Jolly Farmers' Club.

Baptist Fair Planned.

The ladies of the Baptist church have decided to give a chicken pie supper in connection with their Christmas Fair which will be held Dec. 16. The supper will be given the evening following the fair.

Ypsi Men Winners.

The Ypsilanti Knights of Pythias will probably have one more euchre party at least with the Ann Arbor Knights although they have already been the winners in the past three games. The Ypsilanti players have completely outclassed their opponents at every stage of the game.

Give Week-end House Party.

The Teeft Club of Pearl street entertained the following week-end guests: Mrs. Lepley and daughter Vereta of Middleton, Mrs. Sowerby of Rockford, Misses Myra and Ola Gratton of Clayton, Miss Fern Deline of Canandaigua, Miss Rena Osgood of Morenci, Misses Bertha Bennett and Ruby Cobb of Williamston, Misses Nellie and Frances Lavey of Fowlerville and Mr. Kerman of Ionia.

Albert Dunneback and Charles Wasmundt of Detroit were guests of the former's cousin, Mrs. G. Wilmire, Saturday.

Miss Neva Thayer spent Sunday with her sister at Delhi.

Wm. Hogan started Monday for an extended business trip through the West.

James Crosby visited Detroit friends Sunday.

Leo Wilmire was a Detroit visitor Saturday.

Mr. and Mrs. J. L. Arnet and son Frederick of Ann Arbor spent Sunday with relatives here in the city.

Mrs. A. B. Casler who has been spending the past month with relatives and friends, left Saturday for her home at Sears.

Miss Myrtle Crossman and Miss Florence Allmendinger were in Detroit Sunday.

Mrs. McRoberts of Northville has been visiting her daughter Mrs. G. R. Trufant.

Wm. Gilbert of Grand Rapids spent Sunday with his sister, Miss Alice Gilbert.

Mr. and Mrs. Thomas Sanderson of Detroit were city visitors Sunday.

Mr. and Mrs. C. H. Crane spent Sunday in Battle Creek.

Mrs. Milo Gage was the guest of her sister in Detroit Friday.

John Thompson left Monday for a business trip to New York City, Philadelphia and other eastern points. Mrs. Thompson left for Milwaukee at the same time where she will spend some time with friends.

Miss Minnie Reuting of Baltimore, Md. is spending a few weeks with her cousins, Mr. and Mrs. Herbert Smith.

Lee Dunningborg of Rochester, Minn. who has been visiting his sisters, Mrs. Frank Fletcher and Mrs. Henry Stompenhussen for the past week has returned home.

Mrs. N. B. Trim of Detroit, formerly a resident of Ypsilanti, is in the city to attend the meeting of the Hamilton street whist club this afternoon at the home Mrs. E. B. Beal of Pearl street.

Born to Mr. and Mrs. Irving Emig of Detroit, Friday, Nov. 3, a boy. Mrs. Emig was formerly Miss Blanche Pierce of this city.

Mrs. James Caplin and daughter Clara were Detroit visitors Sunday.

Dr. Walton K. Rexford, who during the past year has been surgeon and assistant physician in the Powell River Hospital, at Powell River, British Columbia, and who latterly has been spending some time at Rochester, Minn., observing the work of the Doctors Mayo, returned to Ypsilanti yesterday. He contemplates doing some work along the lines of his profession at the U. of M. and returning west soon after Christmas.

Miss Gertrude Peet who is teaching at Croswell this year spent a few days during the State Teachers' association held in Detroit at her home in this city.

Dr. Max Peet who is an interne in a Rhode Island hospital is spending three weeks at his home in this city.

Word has been received of the safe arrival in Germany of Tony Whitmire who sailed from Philadelphia, Oct. 2. He arrived Oct. 19. The steamship, "The Graf Waldersee," on which he sailed was detained 16 hours starting.

Still Hope.

Little Eva was lamenting because her baby sister was not a boy. "Oh, well," she said philosophically, "she may be a boy when she grows up."

GRAND POINT AUTO RACE

motion pictures at the Opera House Wednesday evening. Ben Hur Stock Co. all next week.

GROWS HAIR AT 65 YEARS OF AGE

Dear Sirs: "I heard of PARISIAN SAGE and as my head would itch a good deal, I thought I would try it. I never used any remedies before and was bald on top of my head.

"I am using the third bottle and have a lot of hair where I was bald.

"I would like you to see the new hair sprouting from my head. The itching in my scalp quickly disappeared. I am 65 years old and have been at the Bazaar 51 years."

Wm. A. Hopper, Auctioneer Harness Bazaar, Ninth & Samson Sts. Philadelphia, Pa.

Large bottle of PARISIAN SAGE 50 cents. Guaranteed by Duane Spalsbury for dandruff, falling hair and scalp itch. Puts life and beauty into faded hair and is a delightful hair dressing.

TOO LATE TO CLASSIFY.

FOR SALE—Man's black winter overcoat, size 40, for sale cheap. 318 Congress St. W. 1107-9

FOR SALE—A 12-string mandolin in good shape for sale cheap. Inquire at 613 Chicago Ave. 1107-9

Avoid Harsh Drugs

MANY CATHARTICS TEND TO CAUSE INJURY TO THE BOWELS.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful, and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Orderlies. These are aromatic, soothing, and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless, and colorless. Combined with other well-known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge, nor cause nausea. They are ideal for children, weak, delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages, 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Remember, you can obtain them only at our store—The Rexall Store—Weinmann-Matthews Co., 318 Congress street.

CHURCH BRIEFS

The Home Missions section of the Congregational Women's Union will meet on Thursday afternoon at 2:30 with Mrs. Dora Cole, 11 S. Normal street.

The Home Missionary society of the Methodist church will meet with Mrs. L. A. Newell, 512 Hamilton street, on Thursday.

The Westminster Guild of the Presbyterian church will give a potluck supper at the home of Miss Jean Scott Thursday evening at 6 o'clock.

The Presbyterian Ladies' Aid society will hold its meeting Thursday afternoon with Mrs. W. L. Kishlar. A picnic tea will be served.

The second lecture before the Sunday school teachers of the city will be given Wednesday evening at eight o'clock at the Presbyterian chapel. Dr. Hoyt will speak on "Interest and How to Arouse It."

F. C. WARNER ELECTED TREASURER OF MEN AND RELIGION MOVEMENT

F. C. Warner was elected treasurer of the local Men and Religion Forward Movement at the meeting held Sunday evening and all subscriptions should be paid to him.

WOMAN MISSING FROM HOME

Leaves Sister's House to Do Marketing and Vanishes.

Flint, Mich., Nov. 7.—Emma Peters, thirty-two years old, disappeared from the home of her sister, Mrs. Horner, 725 West Kearsley street. No trace of her has been found since that time, although search has been conducted throughout the country.

Miss Peters has been subject to attacks of nervousness for some time and was brought here from Toronto four weeks ago to rest at her sister's home. She has been slightly melancholy of late. She left her sister's home to go to a grocery store. She secured the groceries and then dropped out of sight. The river was dragged, but nothing developed.

HOME, SWEET HOME.

(Contributed.)

I've bought goods at Glasgow, Belfast and Cork,
London and Liverpool, and then in New York.
I've purchased in Paris, yes, even in Rome,
But I say to you truly, there's no place like home.

Have sent to Chicago, I'm sorry to say,
I got what I ordered but first had to pay.
When the boxes were opened, I stood there alone
And sold to myself, goods are better at home.

The stove that I sent for had only three legs
What's the use of a stove if it hasn't its legs.
When I looked in the oven it was cracked in the dome.
Then I wished to old Mike I had bought it at home.

I'm now all filled up with this buying away,
I'll buy where I sell my good butter and hay.
If the Lord will forgive me, no more will I roam,
Hereafter I'll spend all my dollars at home.

WEATHER FORECAST

Fair and colder tonight. Wednesday fair. Temperature at noon, 42.

Want Something to Exercise On.

Somehow or other the women who feel that they were born to command always get married.—Exchange.

Sleep Well Tonight

Don't let constipation, indigestion, or lazy liver rob you of the pleasures of refreshing sleep. Take a dose of VELAXO tonight. Purely vegetable, mild, but effectual. Tones and invigorates the entire system. All druggists, 25 cents.

In the New Home

You want the best when starting in the new home. Above all, you want that home to be snug and warm and comfortable.

You are sure of warmth and comfort with a Perfection Smokeless Oil Heater.

The Perfection is the best and most reliable heater made. It is a sort of portable fireplace.

It is ready night and day. Just strike a match and light the wick. The Perfection is all aglow in a minute.

The Perfection Oil Heater does not smell nor smoke—a patent automatic device prevents that. It can be carried easily from room to room and is equally suitable for any room in the house. Handsomely finished, with nickel trimmings; drums of either turquoise-blue enamel or plain steel.

PERFECTION SMOKELESS OIL HEATER

Ask your dealer to show you a Perfection Smokeless Oil Heater; or write for descriptive circular direct to any agency of

FINANCIAL AND INSURANCE NOTES.

Calgary business men are seeking a charter for a new bank, to be known as the Bank of Calgary. The capital will be five millions, and the head office Calgary.

A total of 265,833 immigrants arrived in Canada during the first seven months of the present fiscal year. This compares with a total of 227,775 for the same period in 191[illegible].

The Amalgamated Asbestos bondholders will meet on January 25th to determine what action shall be taken regardiug the future of the company.

Complete plans for a $6,000,000 freight terminal at Chicago for the Canadian Pacific Railway and its subsidiary, the Soo line, have been presented to the City Council.

Houses may now be insured at Lloyd's against the risk of damage by airships.

November promotions of new securities in London aggregated about $137,000,000 This was more than double the October amount.

Swiss watches to the number of 9,470,000, valued at $25,000,000, were exported last year.

Berlin has made the experiment of appointing 30 feminine policemen. These guardians of the law will have children as their special charge.

Last year in Canada the sum of $18,725,531 was received by fire insurance companies as premiums. The amount paid for losses was $10,292,393,

Minneapolis and St. Louis Railroad interests are planning an expenditure of $7,500,000 in building their line northward to the Canadian border to a connection with the Canadian Northern Railroad.

The White Star steamer Oceanic, sailing from Queenstown, carried 6,000 mail bags, the largest number ever carried by a steamer.

Texas cattlemen recently bought from the Brazilian Government the largest cattle ranch in the world, comprising 6,000,000 acres, for $3,000,000.

The forest areas of Europe are estimated at approximately 750,000 English "morgen" (1 morgen equals 1 09 acres), i.e., 31 per cent. of the entire land surface of that continent.

In the year ending on June 30, 1911, no fewer than 10,396 people were killed on the railroads of the United States and 150,159 injured.

Sixty per cent. of the population of Japan find employment in the cultivation of the soil.

The coal consumed in the United States amounted to 501,596,378 tons in 1910, in Great Britain 296,007,699 tons, and in Germany 245,043,120 tons.

The penny bank system is in operation in 186 schools in the state of South Australia

The greatest pulp and paper mills in the world have just begun operating at Powell's River, in British Columbia. The total investments amount to $10,000,000.00.

"How did he make all his money? Careful investments, I suppose?" "No. Careless investors."—"Life."

The Canadian Pacific will shortly begin work on a proposed new line from Montreal to Toronto, a distance of 144 miles.

Pittsburg is contemplating expenditure of $20,000,000 for reservoirs and water sheds to prevent a repetition of diastrous floods which have afflicted the city in recent years.

Engineering experts estimate that the completion of the New York state barge canal will cost $96,000,000, or $5,000,000 less than the amount authorized for construction.

Several new security issues, totalling $58,750,000 are about to come out on the London market. They are $35,000,000 Canadian Ontario Railway debenture 3½s, $12,500,000 Brazilian 5 per cent. stock, $6,250,000 Peruvian stock.

It is reported that the German Government has decided to spend $90,000,000 on the augmentation of its fleet, the sum to be spread over six years.

Thomas A. Edison, who recently claimed hat it would be possible to build a concrete house for $1,000, declares that he soon will have on the market furniture, about $200 of which would nicely furnish a $1,000 house, and that the whole bedroom set could be made for $5 or $6.

WINNIPEG CORRESPONDENCE.

Winnipeg, Man., Dec.—, 1911.

Winter weather in the West continues to be mild and favorable for all kinds of work, and the Western farmer again plays in luck by having good weather for threshing that was delayed in the fall by rain. Under this natural impetus, trade and business of all sorts holds good; the bank clearings of Winnipeg made an increase of eleven millions for the week ending December 7th. This brings the total for the year up to $1,078,681,641.

The most important Winnipeg happening of late is the fixing of light and power rates by the civic power and light authorities. This matter has been pending since the opening of the new civic power plant, and final action was taken by the City Council and Board of Control in joint session. The rates fixed were three and a third cents per kilowatt hour for light, with a ten per cent discount for cash, which places the price for light at less than three cents per kilowatt hour. The minimum charge per month was fixed at fifty cents, as against one dollar charged by the private corporation that has heretofore furnished light and power to Winnipeg consumers. This company's rates have been ten cents per kilowatt hour up to a recent date, when the rate was lowered to seven and a half cents. Power rates fixed by the city range from a quarter of a cent to one and a half cents per kilowatt hour. These prices work out to a basis of cost so far below that which has obtained heretofore that the citizens are highly enthusiastic over the matter. As soon as the announcement of the new scale was made, the Winnipeg Development and Industrial Bureau sent out the news by wire all over this continent, and there has been a remarkable response from all quarters. Hundreds of inquiries are being received, and it is clear that the new power and light schedule will have great effect in attracting new industries and new people to Winnipeg.

Winnipeg spent a million dollars on street improvements this year. The money was divided into expenditures for water mains, sewers, asphalt pavements, granolithic walks, and other types of walks and pavements. The total amount of expenditure along these lines was $1,159,938.93, a sum made necessary by the astonishing growth of the city.

Among the distinguished visitors in Winnipeg, recently, was Hon. J Norton Griffiths, member of the British Parliament. When Mr. Griffiths was here last—about a year and a half ago—he suggested to the business men of Winnipeg the advisability of forming an Imperial Home Reunion Association, for assisting working men who had found places here, to bring their families over, This association was formed under the auspices of the Industrial Bureau, and has been a splendid success from the start. Mr. Griffiths addressed the Winnipeg Canadian Club, chiefly on the subject of Empire growth, and spoke strongly of the home reunion work. Among other things, Mr. Griffiths said: "I do not think that any club or representative gathering could have a worthier object in view than the furtherance of a great and patriotic movement which has such a direct bearing on the happiness and prosperity of the country. In the great rush and hustle of life, particularly in the midst of such prosperity and progress which Canada is now enjoying, and, I predict, will continue to enjoy, we are apt to forget our duty to others and to overlook the fact that upon the leaders of this community rests the responsibility of handing round the cup of happiness and contentment which they themselves enjoy."

The success of the Imperial Home Reunion Association has been so great in Winnipeg that the plan has been taken up by a number of other cities and will, in time, become of even greater importance than it is at present.
