Manager Tidy, of the New Westminster Opera house, expects a large turnout at the minstrel show tonight. Scotch Whisky

Keeping up the Standard.

Watson's Scotch Whisky is known the world over for its unvarying quality and exceptionally fine flavor.

Every bottle you open has the same smooth taste—the same rich, full-bodied flavor, the same characteristic aroma.

We use the old-fashioned Pot Still method of distillation.

Then we leave time to do its work of maturing and mellowing.

To ensure against the necessity of shipping any whisky before it is properly matured, we continually keep a stock of several million gallons, absolutely our own property, ageing in wood.

That is why our whisky never varies.

Insist on Watson's

"THREE STAR"—A mild, thoroughly matured Scotch
"NO. 10"—A full-bodied, richly flavored Scotch.

A successful sale of work was held in S. GIVES $1000 TO Y. M. C. A.

Vancouver Man Assists Association in Nanaimo.

Nanaimo, Dec. 13.—While in Vancouver last week Mayor Planta spent some time going into the Y. M. C. A. proposition. He was unable to see the secretary of the movement over there as he was out of town, but in talking the matter over elsewhere he received one very handsome offer of help. This was from W. R. Arnold, who on learning what Mayor Planta proposed doing, said that he would contribute the last thousand to the sum to be collected.

Miss Knollys Was Libelled.

London, Dec. 13.—A jury in the King's bench division today awarded Miss Alexandra Louvenia Knollys, daughter of Lord Knollys, King George's private secretary, damages in the suit of £2500 for libel which she brought against the periodical, John Bull, for having published a report that the complainant had eloped with an English army officer.

Higher Wages for Women.

Melbourne, Dec. 13.—By a decision of an arbitration court in Sydney, women under the industrial laws are now entitled to the same wages as men. This decision so far from benefiting women has led in many cases to their supercession by men in shops and factories.

Used Mails to Defraud.

Washington, Dec. 13.—James N. Hatch, a former treasurer of the United States, was convicted tonight, together with Harvey M. Lewis, of Cincinnati, and Everett O. Dufour, of this city, of using the mails to defraud in connection with the operation of the National Trust company and other concerns.

INSTRUMENT OF CRIME IS FOUND IN CANADA

Question of Jurisdiction in Recent Stabbing Affray Settled by Picking Up of Knife.

Any incipient international quarrel over jurisdiction in the case of the man Bartolomes, who was stabbed in the woods near Blaine recently, was settled yesterday when the knife used in the attack was found in the bushes just a few rods from the boundary on the Canadian side.

Besides settling which country should deal with the case the finding of the knife may lead to the arrest of the guilty party. The knife, a heavy buck horn handle jack knife, bore the initials "G. M. D." cut on the handle. This is the first clue which the police have found which may aid in discovering the culprit.

Since the discovery of the weapon the wounded man has been brought over to the Canadian side of the boundary, where he will be kept until he recovers.

Municipal Constable Hutchinson, of Cloverdale, is following up the case and more developments are expected soon.

LOCAL OPTION FAILED TO CARRY SASKATCHEWAN

Winnipeg, Dec. 13.—Local option was voted on yesterday in several towns and all the cities of Saskatchewan. From the returns received so far it is seen that local option carried in only one place, namely, the city of Moose Jaw, where it was given a majority of 180 out of a vote of 2000.

In Regina, the measure was defeated by only 89 votes, which is a source of satisfaction to the advocates of the measure although they were counting on carrying that place.

Saskatoon went in favor of the wets by a majority of 200, while in Prince Albert, local option was defeated by a majority of 321. Rosthern, Weyburn and Indian Head also voted wet. These are all the places heard from at present, but it looks like a general defeat for the drys.

Nine Earth Shocks.

St. Louis, Mo., Dec. 13.—Nine earthquake shocks were recorded by the St. Louis university seismograph today. The centre of disturbance was estimated to be 240 miles southwest by west of the lower coast of California.

MOUNTED POLICE PURSUE GANG OF DESPARADOES

Hold-up Men Who Shot Constable Decker at Ashcroft Now Believed Near Capture.

Calgary, Dec. 13.—After having remained in hiding since the hold-up on the C. P. R. train at Ducks, B.C., and the subsequent murder of Constable Ike Decker at Ashcroft when he attempted to arrest two of their number, the Hanney gang of desperadoes have again been sighted, and are now being pursued by mounted police.

Although the police gave the desperadoes ten days' chase lasting from November 19 to 29 details are just leaking out. The men were seen near Lumbreck, well mounted and armed, and Inspector Belcher, of Pincher Creek, together with Constable Lee O'Connel, Morehead and Irwin were sent out after them. The chase that followed, with the desperadoes always a day and a half ahead of the police till they lost them in the Gaena Hills district, was a hard one. Several times the police narrowly escaped when the ice on the rivers broke beneath their horses' weight, and at the end of the chase two of the horses had to be left at farm houses as they were exhausted.

It is believed that the men have accomplices in mining camps as they got wind of the police coming after them and made a clean get-away into B. C. Mounted police and detectives are now working on the case and it is believed by them that the gang were contemplating another hold-up when the police frustrated their plans.

Long Tramp for School Girl.

Boston, Dec. 13.—A walk across the American continent will be attempted by Mildred Belknap, aged 14, a sophomore in the Dorchester High school. She is now in training for the feat. She is now in training for the feat, on which she will be accompanied by her father, a post office employee. Winnipeg, Dec. 13.—The case of Federenko, under appeal from an extradition order, will be finally dealt with by Justice Robson on Saturday next. If it is against Federenko the final appeal will be made to the federal department of justice to have the Hon. A. B. Aylesworth exercise his discretion.

ELECTIONS DRAG ON THEIR WEARY WAY

England No Longer Takes Keen Interest In Battle of The Ballots.

London, Dec. 13.—Elections continue to drag wearily along. The public has lost interest and the newspapers have given up publishing late editions. Fleet street and other points where the returns are shown are deserted.

The standing of the parties follows:

Government Coalition — Liberals, 199; Nationalists, 58; Independent Nationalists, 9; Laborites, 36. Total, 302.

Opposition—Unionists, 249.

There were forty-two pollings today, but results in only six constituencies were announced tonight. No change was recorded in these. The coalition therefore has one gain to the good.

Party feeling continues strong in Cork, where there are conflicts daily between opposing factions. David Sheehn, member of the House of Commons, in a riot today, was struck by a stone and so badly injured that he was unconscious for some time.

No less than one hundred persons have been surgically treated in the Cork infirmary since the elections began. Eighty were admitted on the one night.

Phillip Snowden, Socialist member for Blackburn, announced that after the vote question has been disposed of, the Laborites would press for the passage of an elaborate reform bill to abolish plural voting, to which he ascribed the Unionist successes in many districts.

FOOTBALL ON SATURDAY.

Bankers May, or May Not, Enter the City League.

The meeting of the city football league called for last evening did not result in much beyond a decision to go ahead with the games as scheduled for next Saturday.

The car shops will play the High school at 1:45 p.m. at Moody square and after that mill is finished the Rangers and Aston Villa will mix it for thirty-five minutes each way. Ashworth will referee both games.

There seems to be some doubt as to whether or not the Bankers will enter a team in the league. They have maintained a discreet silence on the subject and unless they get busy it is probable that Sapperton will be given their duties.

Friends Again.

Buenos Ayres, Dec. 13—Friendly relations were re-established today between Argentina and Bolivia. Trouble between the two countries originated in Bolivia's resentment of the decision rendered by President Alcorta, arbitrator of the Bolivia Peru boundary dispute, it being alleged that he had favored Peru.

Trouble with Engines.

The gasoline passenger launch Minna W. had some trouble with her engines yesterday and could not make her regular trip to Port Hammond. The engine was repaired and if all goes well the boat will run at the regular time today.

TAFT OPPOSED WHEN HE PROPOSES NEGRO OFFICIAL

President's Intention to Name Colored Lawyer Assistant Attorney General Raises Protest from Uncle Joe.

Washington, Dec. 13.—President Taft's inclination to appoint William R. Lewis, a negro lawyer of Boston, as assistant attorney-general is meeting with much opposition.

Booker T. Washington called on Attorney-General Wickersham today to urge it and Speaker Cannon called to oppose it. Speaker Cannon's opposition, however, is not based on racial grounds, but on reasons of economy.

It is known that the place President Taft had in mind for Lewis was that of assistant attorney-general in charge of the Indian depredation cases. John D. Thompson, of Danville, Illinois, Speaker Cannon's home town, now holds that place and intends to resign as soon as his work is finished.

SEVENTY KILLED IN BATTLE IN MEXICO

Revolutionists Lose Heavily In Clash With Regulars---Authorities Not Alarmed.

Laredo, Tex., Dec. 13.—Seventy Mexican revolutionists were killed and as many wounded in a battle this afternoon with federal troops in Cenro Brieto, state of Chihuahua, according to a telegram received tonight by Miguel Deibold, Mexican consul stationed at Neuvo Laredo, from Henri Creel, Mexican minister of foreign relations. The federals are said to have lost fourteen men, including two officers.

Cenro Prieto is a small station on the Mexican Northeastern railroad between Conception on the southwest and Coshihuira Chica on the northwest.

Commenting on the situation Consul Delbold says:

"For some time a small body of alleged revolutionists have been operating in the Chihuahua district. They have caused the government no alarm, however, and today's advices received from an official source in the capital in all probability means that the government have suppressed the roving bands that have been causing minor disturbances.

MILITARY NEWS.

Appointment of Officers of Local Companies Is Gazetted.

General orders dated December 15 contain several items of interest to local militia men. Lieutenant-Colonel R. L. Wadmore, recently appointed to the command of militia district No. 11, is made colonel, Lieutenants Corbould, Tuck and Webber, formerly of the Sixth regiment, are appointed to the corps reserve, and the appointment of Dr. Manchester as provisional lieutenant in the army medical corps, attached to headquarters staff of the 104th, is gazetted.

Tonight the men of the local companies will meet to organize a headquarters companies association, to replace the old A and B companies association. When formed, the association will control the gymnasium and generally assume the duties of the organization it replaces.

Old and new non-commissioned officers met last night to wind up the affairs of the non-com's association of A and B companies, Sixth regiment, and hold one of the old-time social evenings.

It is expected that rifles and side arms will be issued in time for use immediately after the new year.

Recruiting for D company, 104th regiment, is being carried on actively in Chilliwack, and at a parade held recently enlistments were received which almost filled the roll. The Cloverdale company is in good working order.

Victoria, Dec. 13.—As a result of her hair flying loose catching fire when building a fire in a grate yesterday, Miss Florence Phillis Williams, twenty-two years old, died today. Morning Post Is Outspoken In Condemnation Of Referendum

London, Dec. 14—Mutterings of a brewing storm in the Unionist camp over A. J. Balfour's leadership are made public this morning by an editorial in the Morning Post, one of the leading supporters of tariff reform, in which the leader is severely arraigned for his referendum decision.

The Morning Post says that the faction on whose behalf the referendum on tariff reform was decided upon could not muster one hundred votes in any one constituency, and further points out that the idea must have emanated from an enemy of Chamberlain.

Balfour's tariff reform referendum, which was sprung upon his party only a couple of days before the elections, has not proved popular with a large majority of his followers. In this connection the Post points out that had tariff reform remained a direct issue in the elections, there would have been a better chance of the Unionists being returned to power.

NEW PARSONAGE NOW HOME OF METHODIST MINISTER

Congregation of Queens Avenue Church Provides Fine Residence for Rev. C. W. Brown.

The Ladies of Queens' Avenue Methodist church gave a house-warming yesterday afternoon and evening in the new parsonage, which has just been completed and in which the Rev. C. W. Brown and family will proceed to install themselves.

There was a large gathering to do honor to the occasion, and the opinion was freely expressed that nowhere in British Columbia is there such a commodious or well furnished parsonage of the Methodist Church.

In the evening Rev. Principal Sipprell acted as chairman, and in the course of his remarks paid a tribute to Mr. Brown as a man and as a preacher. Rev. Dr. White, who followed, spoke in feeling words of his pastorate in the city, and of the satisfaction with which he regarded the progress of Methodism in what he would always remember as his home town.

A visitor from Ladysmith, in the person of Rev. R. Wilkinson, complimented the members of the church on their action in building such a home for their pastor, remarking that he believed that they would be well repaid by the increased efficiency which would result.

Rev. Mr. Brown expressed his appreciation of the new parsonage, not simply on his own behalf but on that of the British Columbia Conference, in which organization the Methodist parsonages of the province are vested.

During the evening a musical program was rendered by Miss Lord, Mrs. W. T. Reid, Frank Major and others, and a very enjoyable time was spent.

The committee which had charge of the building operations was composed of Mrs. J. R. Gilley, Mrs. T. Meredith, Mrs. C. Watson representing the Ladies' Aid Society, and Dr. Drew, C. G. Major and W. T. Reid, representing the Trustees Board. All the members of the committee express themselves thoroughly satisfied with the work.

A feature of the evening was the presentation to the parsonage of a handsome landscape painted by Miss E. Knott.

BIG HELP FROM CARNEGIE EXPECTED FOR NEW SCHEME

Institute of Internationalism Proposed for The Hague—Andrew May Give $10,000,000.

Boston, Dec. 13.—It is persistently rumored here today that Andrew Carnegie will announce a gift of $10,000,000 to some international organization. A representative of Carnegie declined to either affirm or deny the report and when questioned he advised the newspaper men "to be patient."

By many it is believed that the former steel king has intentions of founding a great institute of internationalism. It is known that such a project has been brought to his attention by two Hollanders, who declare that such an institution would support a school for study and would thereby promote the world peace movement in which Carnegie is deeply interested.

Originators of the scheme in their letters to other Americans intimated that the building and equipment of such an institution would cost $10,000,000. The Hollanders intimated that they contemplated aid from some wealthy Americans. It is proposed to build the institute at The Hague.

Carnegie is president of the New York Peace society and has always been interested in all international peace movements at The Hague.

DOCTORS MUST PAY.

Verdict for Damages Because They Performed Unauthorized Autopsy.

New York, Dec. 13.—The state supreme court has returned a verdict for $8000 against Dr. Pedro Franke and Dr. T. Grover De La Hoyde, surgeons of St. Joseph's hospital at Far Rockaway, on a complaint that they performed an autopsy on the body of James Allen Boyd, a victim of appendicitis, without having obtained the consent of his family. Two sons and a daughter brought the suit.

DEMAND A NEGRO CHIEF OF POLICE

Morristown, N. J., Dec. 13.—A petition signed by about 20 per cent. of the voters of this city will be presented to the board of aldermen this week, demanding the appointment of a negro chief of police. The petitioners' candidate is Oliver Shaw, a porter in a drug store, whose name stands high in the civil service eligible list.

MORAL REFORMERS LOSE IN WINNIPEG

W. Sanford Evans Re-elected Mayor by 1500 Majority--- Segregation Upheld.

Winnipeg, Dec. 13.—After one of the bitterest campaigns ever waged in this city, Mayor W. Sanford Evans was today re-elected by a majority of fifteen hundred votes over E. D. Martin. The polls did not close until eight o'clock, and the work of counting the ballots was remarkably slow.

All the church ministers opposed Mayor Evans, the big fight being on the segregation issue, he having accepted the full responsibility for the establishment of a red light district in the north end of the city.

E. D. Martin, who is a brother of Joseph Martin, M. P. for East St. Pancras, had the backing of all the moral reformers in the city and was also assisted by a number of imported speakers on the morality question.

The election of Evans is a hard blow to Rev. Dr. Shearer, Rev. Dr. DuVal, Rev. C. W. Gordon (Ralph Connor) and other well known ministers who took a leading part in the fight. The verdict of the people of Winnipeg is unquestionably in favor of segregation, as the election was fought solely on this issue.

ENGINEER LOST.

Mysterious Disappearance from the Steamer Queen Alexandra.

Victoria, Dec. 13.—Three days out from New York bound here the steamer Queen Alexandra, which arrived tonight with a cargo of machinery for the new pulp mills at Powell River and 6000 tons of steel rails, lost her second engineer, T. Gibson, of Sunderland, England.

He disappeared after coming off watch at 10 p.m. and his disappearance was not known until search was made for him when the steering gear broke two hours later.

A thorough search was made of the steamer without any trace being found. He left no note, nor did his conversation prior to the disappearance indicate that he had determined upon suicide.

TEDDY "COMES BACK."

Roosevelt Appears in Public for First Time Since Elections.

New Haven, Conn., Dec. 13.—Colonel Theodore Roosevelt, as the guest of the chamber of commerce at its annual banquet tonight, made his first public address since the recent elections. He was cordially greeted by a gathering of 800 men, representative of the business and commercial interests and the professions of the state.

The banquet had more than ordinary significance through the presence of the guest, who recently was in controversy with Judge Simeon E. Baldwin, governor-elect, who had been invited to attend.

Judge Baldwin was not present.

Colonel Roosevelt was welcomed by a large and enthusiastic crowd at the station.

PUBLISHERS PROTEST.

Americans Believe U. S. Consul in Quebec Is Withholding Facts.

New York, Dec. 13—The paper committee of the American Newspaper Publishers' association has sent a letter to the government tariff board pointing that the U.
